

ONLINE LEARNING PARENTAL SURVEY RESULTS

Your feedback is very much welcomed at Armadale Academy. A few weeks ago, we conducted a parental survey to find out how the online learning experience was thus far. We have outlined below some of the key messages that have come from the survey and what we have done to try and improve. We will be conducting another parental survey in the very near future. The school's mission statement is, 'Learning Together, Achieving Together' and we are very much embracing that as a school community at this point.
