Practical strategies to support your child

- Use 'How to Pass Guide' for revision strategies.
- Practise past paper questions and self-mark using marking instructions.
- Identify areas of strength and areas for development.
- <u>https://www.sqa.org.uk/files_ccc/Higher-AH-</u> <u>Chemistry-Data-Booklet.pdf</u>
- <u>http://www.new.chemistry-teaching-</u> <u>resources.com/PastPapers.html</u>
- <u>https://www.bbc.co.uk/bitesize/guides/zm6khbk/</u> revision/1_

Microsoft Teams page

- Review over areas for development and seek help if required.
- Use revision tools such as BBC bitesize, JABChem, MissAdamsChemistry, mind-maps etc. to consolidate knowledge (see links).
- Attend masterclasses and study support (see timetable on school website and app).

How can you support your child?

- Encourage your child to build a study plan https://www.sqa.org.uk/sqa/68908.html
- Provide a suitable quiet space.
- Revise with your child or ask your child to teach you.
- Encourage your child to take regular breaks.
- Encourage your child to have a healthy work/life balance.
- Encourage your child to attend masterclasses and study support as required.
- Access the whole school study skills sessions available on Family Learning Hub.
