

46% of our students live in SIMD 1-4 These are the most deprived datazones in Scotland.

17% of our students are registered for Free School Meals (FSM)

POVERTY PROOFING STATEMENT

Armadale Academy is committed to delivering both Excellence and Equity for all of our young people. Our staff recognise the clear link between family socio-economic circumstances, educational opportunities; attainment and achievement.

We are proactive in identifying ways to reduce the cost of the school day for all students and we actively promote our school values of 'Equity', 'Respect' and 'Community' to create an inclusive environment which mitigates against the impact of poverty.

What are we doing at Armadale Academy?

School Uniform and Agreed Dress Code

Our school uniform can be purchased online or in high street stores. It is affordable and contributes to a sense of community. All S1 students are given a tie and PE top, and all students can access uniform and PE kit if required.

Learning and Our Curriculum

There is no additional cost for any aspect of our curriculum, including access to practical subjects such as HE and CDT. Study Support and Easter school are free and available to all. All seniors receive a study pack to aid exam preparation.

Access to Food and Transport

Our canteen offers a range of healthy and affordable food throughout the day. A cashless system ensures those in receipt of FSM are not identified. Students are supported to apply for Young Scot cards for free travel.

Extra-Curricular and Trips

All extra-curricular clubs at lunchtime and after school are free for all students. Our excursion policy ensures reasonable costs and a clear payment schedule for all trips, including a number of free/subsidised spaces.

Events and Charities

Dress down days are limited to once a term and any financial contribution is voluntary. Students may plan additional events to raise funds for school projects and charities. Participation and financial contribution is voluntary.

GET IN TOUCH

Our student support team are always on hand to offer help or advice. Parents are encouraged to contact the school if there is a financial barrier, this will be handled sensitively.
